Massachusetts Hoisting License
2A/1C Test Prep Combo Class
FAQs

1 What in-person class do you offer?
The 2A/1C is the in-person class offered by Massachusetts Hoisting License and it is only offered in English.

2 What does the 2A License cover?
2A covers all excavation equipment – excavators, backhoes, loaders, and bobcats.

3 What does the 1C License cover?
1C covers forklifts and small cranes, no wire rope.

4 How long are the classes?
The in-person class is 4 hours long. From 8am – 12:00pm. You attend 1 in-person class.

5 Are online courses available in Spanish?
Yes. Online courses are in both Spanish and English to help you learn the material in English.

6 Where are the in-person classes held?
Worcester, MA.

7 Who offers the state license tests?
License tests are given by the state. They cost $75.00 each. The 2A/1C Test Prep class covers 2 tests.

8 When will the state schedule my test after I've sent in my application?
The state takes approximately 6 weeks to schedule your test date. They will pick the date, time, and test location.

9 What happens if I don't pass the state test?
If you don't pass, you can come back and take our class one time for free.

10 What study materials do you give out in class?
You will receive a workbook and quizzes to study after the class to prepare for the state test. You will also receive a state-approved written supplement packet you can review and bring right to your test with you. Helps with translation.

Take This Class, You Will Pass!
